

The Democracy Act

1. The Democracy Act mandates **TRANSPARENCY**. It eliminates use of secret processes and allows everyone to see and participate in drawing legislative districts.
2. The Democracy Act creates a citizen-driven process. The act establishes an **INDEPENDENT CITIZENS' COMMISSION** to draw the legislative districts. The citizens' commission will reflect the state's racial, ethnic, geographical, gender, and political diversity.
3. The Democracy Act establishes clear, enforceable **STANDARDS** for district maps. For example, districts must obey the Voting Rights Act, must not divide precincts, they must be create fair competitive districts, and must not be drawn to protect incumbents.

I pledge to support the Democracy Act.

Fairness dictates that a representative body reflect the values and priorities of the people it represents. We must change the process that allows politicians to meet in secret and manipulate the boundaries of legislative districts to their own benefit.
